ANNUAL SECURITY REPORT

The Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act, federal statute 20 v.s.c. 1092 requires that Clinton Technical School provide students with information regarding numbers and types of crimes that have taken place on our campus beginning August 1, 1991. Also required are policies regarding procedures and facilities for reporting criminal actions or other emergencies occurring on campus. The act also requires that, effective July 1994, the school provide students with completion rates for students attending this school commencing with those enrolling after July 1, 1991. Clinton Technical School has updated this report with policies and procedures that will address the amendments made by federal statute 304 of the "Violence Against Women Reauthorization Act of 2013".

Clinton Technical School presently consists of the facility located at 602 S. Fifth St, Clinton, Missouri. For purposes of this policy, any acts occurring in the building, grounds, or school-owned parking lots will be considered as occurring on campus.

1. Any student, staff or employee who observes or is involved in a criminal act should immediately report such occurrences to the director of Clinton Technical School.
2. The director shall contact the appropriate law authority to determine

 - b. what action the school should take to cooperate in an investigation.
3. The director will document the occurrences and communicate with authorities and students involved.

Clinton Technical School provides Emergency Standard Operating Guidelines for each classroom that are updated on an annual basis. In addition, annual safety trainings are held to update staff and faculty on any new guidelines. A.L.I.C.E trainings are also conducted yearly by the local police department so staff are aware of what to do in an active shooter situation. Drills are held throughout the year so students are prepared for emergency situations.

TIMELY WARNINGS

Clinton Technical School is a self-contained campus where students occupy one building. In the event a situation arises that constitutes an ongoing threat or continuing threat, or could cause a threat to the community, teachers and students will be informed through the Emergency Operating Guidelines. After the director of Clinton Technical School is notified, he notifies the Superintendent's office who in turn, would notify local police authorities. Local authorities would alert community members if the situation causes a threat to the community. The Clinton Technical School Director reserves the right to contact law enforcement officials directly, if the threat is imminent.

POLICIES AND PROCEDURES RELATING TO SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE AND STALKING

Clinton Technical School believes that all students and employees should have the opportunity to learn and work in an educational environment free from discrimination. Sexual harassment, including sexual violence and other forms of sexual misconduct, interferes with this right and will not be tolerated.

For the purpose of the discussion that follows, the following definitions are contained in Missouri statutes:

Domestic violence (assault) MO. Rev. Stat §§ 565.072-565.074, 455.010(7)

Domestic assault generally involves violence or attempted violence perpetrated against a family or household member, including children. "Family or a household member is defined as "spouses, former spouses, any person related by blood or marriage, persons who are presently residing together or have resided together in the past, any person who is or has been in a continuing social relationship of a romantic or intimate nature with the victim and anyone who has a child in common regardless of whether that have been married or have resided together at any time."

Dating violence

Dating violence is not separately defined in Missouri law, but note that the definition above of "domestic violence" means violence committed by a person who is or has been in social relationship or a romantic or intimate nature with the victim. The statute does not further define such a relationship, but the Violence Against Women Act states

that it is characterized by the expectation of affection or sexual involvement between the parties and that the existence of such a relationship shall be determined based on the reporting party's statement with a consideration of the (1) length of the relationship, (2) type of relationship, and (3) frequency of interaction between the persons involved in the relationship. For the purpose of this definition, dating violence will include but not be limited to sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Stalking MO. Rev.Stat § 565.225

A person commits the crime of stalking if he or she purposely, through his or her course of conduct, harasses or follows with the intent of harassing another person. There also is the crime of "aggravated stalking." Among other circumstances, it occurs if in addition the person makes a credible threat or at least one of the acts constituting the course of conduct is in violation of an order of protection and the person has received actual notice of such order or there are circumstances relating to such things as probation, certain previous offenses or the age of the victim in relation to the perpetrator. "Course of conduct" is a pattern of conduct composed of two or more acts, which may include communication by any means, over a period of time, however short, evidencing a continuity of purpose. It does not include constitutionally protected activity. "Credible threat means a threat that is communicated with the intent to cause the person who is the target to reasonably fear for his or her safety, or the safety of his or her family, or household members or domestic animals kept at such person's residence or on such person's property." "Harass" meant to engage in a course of conduct directed at a specific person that serves no legitimate purpose that would cause a reasonable person under the circumstances to be frightened, intimidated, or emotionally distressed.

Consent MO. Rev. Stat § 556.061 (5)

Consent or lack of consent may be expressed or implied. Assent does not constitute consent if:

- It is given by a person who lacks the mental capacity to authorize the conduct charged to constitute the offense and such mental incapacity is manifest of known to the actor or;
- It is given by a person who by reason of youth, mental disease or defect, or intoxication, is manifestly unable to (or know by the actor to be unable to) make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense; or
- It is induced by force, duress, or deception. Use of alcohol or drugs will never function as a defense to violation of this policy.

The sexual orientation and/or gender identity of individuals engaging in sexual activity is not relevant to allegations under this policy.
